Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative inquired about the 101 rejection to claims 1 and 6 in Final Office Action mailed 6/01/07. Examiner pointed out that claims 1 and 6 refer to an algorithm that performs a number of steps in the claimed elements. An algorithm is not within one of the statutory categories of invention and as such is drawn to a judicial exception. A judicial exception requires a physical transformation or a useful, concrete and tangible result to be patent eligible.
